Holla Trails – Running Routes

Pink: A classic beginner route perfect for those who are still learning. We haven't made it a separate loop as the route is too small to be distinguished from the blue.

5.2km - Total Ascent = 68m

Brown: Perfect for those looking for something slightly longer and a bit more challenging than the 5km, but still easy on the legs.

8.4km - Total Ascent = 149m

Blue: Our longest run with a mix of trail, fire and road sections. A perfect mix if you are looking for a longer challenge. It may induce a heavy sweat, if you are in good shape, you are more than up to the challenge and we will find the right challenge for you.

13.7km - Total Ascent = 428m
N/1 8.3km - Total Ascent = 174m
